Emblem of Poznan

Poznan was located on the Piastowski Route. This route leads through places of historical importance dating back to the beginning of the Polish State.

It is a very interesting place for tourists. Poznan is still developing into a big industrial, cultural and amusement centre. Poznan has also one of Europe's most vibrant and exciting nightlife cultures.

Cultural Poznan offers a great variety of theatres, a philharmonic hall, choirs and orchestras as well as many museums, galleries and exhibition halls. The city is the venue of several major festivals and music contests including the Malta International Theatre Festival, International Theater Festival MASKI, the Modern Dance Biennial, the International Sculpture Triennial and the Henryk Wieniawski International Violin and Violin Makers' Competition.
